Do Not Travel

Local train operators are advising passengers not to travel this Sunday. London Northwestern Railway and West Midlands Railway are attempting to run as many trains as possible. However poor road conditions are preventing key staff from getting to work. This will lead to a significant amount of delays and cancellations throughout the day.

Tickets dated for travel this Sunday will be accepted by London Northwestern Railway and West Midlands Railway on Monday.

A spokesman for the two train operators said "We apologise to our

customers. We have experienced significant snowfalls across our network overnight. While we have done all we can to prepare our trains, stations and depots, road access is proving the biggest challenge of all. Our main priorities are to run what services we can safely and make preparations to protect the start of commuter services on Monday morning.

"Anyone who has had their rail journey delayed by 15 minutes or more should claim delay repay compensation. Information can be found on the London Northwestern Railway and West Midlands Railway websites."
