Feb 16, 2020 10:05 GMT

## Rail routes affected by Storm Dennis

Flooding is affecting several rail routes around the West Midlands. West Midlands Railway and London Northwestern Railway are advising passengers to check before strating their journeys as rising water levels continue to block train lines.

Currently the following locations and lines are disrupted due to flooding:

- Bromsgrove: no rail service to/from Hereford.

- Hamstead: no rail service to/from Walsall and Rugeley.
- Wellington: no rail service to/from Shrewsbury.
- Wood End: no rail service Whitlocks End/Stratford-upon-Avon

Bus replacement services are in place but these are limited as roads are also affected by the stormy weather and flooding.

Any passenger who decides not to travel today will be able to use their ticket on Monday.

Some journeys will take longer than normal due to the impact of Storm Dennis. Passengers delayed 15 minutes or more are encouraged to claim delay repay compensation via the train companies' websites.
